

TOUGH ON THE OUTSIDE, SMART ON THE INSIDE

Whether you're in a server room, servicing a breaker box or organizing your workplace, you can count on the BMP21-PLUS labeler to get the job done. With smart automatic formatting, all you need to do is drop a label cartridge in, type and print. The super rugged, ultra intelligent BMP21-PLUS is an affordable label and wire printer designed for the tool box.

- On-board keyboard contains letters A to Z and numbers 0 to 9
- Backlit LCD graphics display for easier labeling even in low-lit areas
- Drop-tested and reinforced with molded-rubber impact bumpers
- Prints in 6 different text sizes
