

NEW! Advanced Circuit Tracer Kit (ET450)

TRACE NON-ENERGIZED BREAKERS, FUSES AND WIRES

Trace hidden wires, trace both energized and non-energized breaker and fuses, trace conduit, and so much more. The compact, lightweight design provides users with access to tight stud bays and improved ergonomics when stapling overhead or during difficult-to-reach situations. Moveable cable guides ensure proper alignment, and the coil-spring mechanism consistently sinks the staples to the appropriate depth when fastening NM-B Sheathed Cable (14, 12, 10 AWG) and low voltage cables, supporting peak stapling productivity.

KIT INCLUDES:

- ET450T Transmitter
- ET450R Receiver
- 3' (0.9 m) Lead Adapters
- 20' (6 m) Lead Adapters
- AC Plug to Banana Jacks
- Alligator Clips
- Outlet Tabs
- Ground Prong
- Ten AA Alkaline Batteries
- Hard Carrying Case with Handle
